Programme of the seminar on teaching methodology and dual education (DIARKAZ)

After welcome speeches by the project coordinator Professor Mirko Savic and the rector of InEU, PhD, professor Aliyassova A.V. the reports on the topic of the seminar began.

The senior lecturer, docent (FH) at the study programmes FH JOANNEUM Gesellschaft mbH Dipl.-Ing. Hagen H. Hochrinner was the first to make reports on the topic «Discussion about curriculum» (program overview, curriculum courses, credits and hours, course content , organisation of a working year e.t.c.) and «Obstacles and chances in cooperation with companies» (What is company`s interest in a dual student? Which other questions arise?).

Senior lecturer of the Department of Industrial Engineering and Design Ikombayev Talgat Dyusyumbekovich presented topic of the report «6M in dual training» in which the Kazakh view on the construction of dual education was presented.

Ursula C. Göz M.Sc. Dipl.-Wirtsch.-Ing.M.A.INEMA DHBW Heilbronn presented topic «Envisaged competences and adapted teaching methodologies for Dual HE» (new fields of action in the corporate sector• process of change in many industries• knowledge becomes outdated rapidly• various skills required• entrepreneurial mindset is needed) and «Quality assured Practical Learning Periods» (competences need real life experience, practical phases support and consolidate knowledge and skills as well as attitudes).

Dr Olga Shmurygina, Russian State Vocational Pedagogical University presented topic «Work-based learning as a basic strategy of European VET» (European political declarations defining WBL, three "classical" models of vocational education and training e.t.c.)

Moiseenko Oleg Viktorovich, Associate Professor of the Department of Transport and Service Kostanay Engineering and Economics University named after M. Dulatov presented topic «Technology of training of specialists in the conditions of dual training». The final presentations were the presentation of work packages «The essential impact of the Pro-VET project on the developed VOOCs - Serbian partners point of view». Speaker - Nataša Papić-Blagojević, Novi Sad School of Business.

The head of the international department Chuikina Alexandra and the project manager InEU Ikombayev Talgat thanked all the participants for their participation.

After the reports, there was a discussion and an exchange of views.
