The first day of the final conference

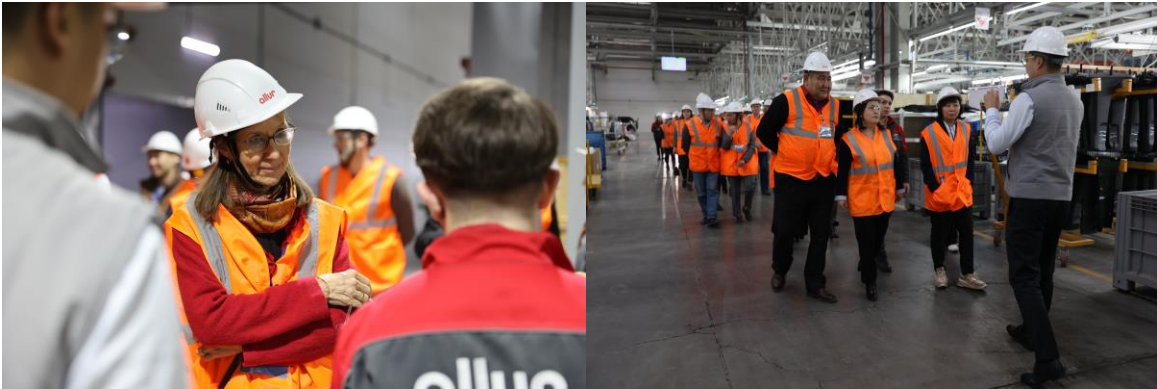

After the welcome speeches of the project coordinator Prof. Mirko Savic, the Rector of KEnEU Mr. Arman Orazalievich Ismailov and the coordinator of the Erasmus+ National Office in Kazakhstan Ms Laura Kalabaevna Paluanova Prof. Savic presented general information about the project implementation. His presentation was continued by representatives of Kazakhstani universities with more detailed information about the development and implementation of the educational programme by each university. Information was also presented about the process of LLL programme implementation and its results, including the feedback received.

The second half of the day was no less eventful and started with a tour around Kostanay Engineering and Economic University named after M. Dulatov. The laboratory "Automation Systems and Control Devices of Mechatronic Systems", created within the framework of the project, was presented.

After the tour, all conference participants went to "SaryarkaAvtoprom" LLP, where they got acquainted with the production of automobiles, new automated and robotised production lines, as well as the recently opened exhibition centre. The first day ended with a visit to the Kostanay College of Automobile Transport, which is a trusted educational institution of the plant.

The second day of the final conference

The second day of the conference was devoted to the second external evaluation of the project, the sustainability plan and the preparation of the final report, including the financial audit. The project coordinator also held a steering committee meeting.

In the afternoon, the conference participants visited partners of KEnEU, such as "Astyk Elevator Equipment Plant" LLP and "Kostanay Mill" JSC.

The third day of the final conference

The last day of the conference was spent in an informal atmosphere over a morning tea session discussing the sustainability of the project, namely future joint initiatives of the consortium. The partners then said goodbye at the university hall.
